Application for Greenbelt Assessment -- Forest

The Agricultural, Forest and Open Space Land Act of 1976 ("Greenbelt Law") permits qualifying land to be assessed for property taxes at its current use value rather than its fair market value which might be based on a more intensive use. YOU MAY BE LIABLE FOR "ROLLBACK" TAXES later if the land approved for greenbelt is converted to other uses or disqualified for greenbelt as the result of a sale or otherwise. The amount due would be the tax saved during the last three years of greenbelt classification. You should carefully review this application and additional information about the greenbelt program which should be provided by your assessor prior to submitting this application.

"Forest Land" means land "constituting a forest unit engaged in the growing of trees under a sound program of sustained yield management, or any tract of fifteen or more acres having tree growth in such quantity and quality and so managed as to constitute a forest." The assessor may consult the State Forester in determining whether your land qualifies. Complete the remainder of this application to have your property considered for

classification as forest land.

ATTACH A MAP AND A COPY OF YOUR CURRENT FOREST MANAGEMENT PLAN. ALSO ATTACH AERIAL PHOTOS, IF AVAILABLE.
